

Designed for Mathematicians Like Me

I am a MATHEMATICIAN

and it is essential for me to be able to search across both breadth and depth of content. ScienceDirect now has back issues from volume 1, issue 1, coupled with the advanced search functionality.

I get to the information I need quickly and easily.

That's why I use ScienceDirect

Over 50 leading journals including:

- ***Topology***
- ***Advances in Applied Mathematics***
- ***Mathematical and Computer Modelling***
- ***Nonlinear Analysis***

Over 115,000 peer-reviewed, full-text articles.

Links take you seamlessly from the bibliographic references to the abstract or full-text version of the cited article.

Customizable alerting services let you pinpoint the information you need to keep up-to-date.
